## CAPABILITY STATEMENT

**Tromtech** is a privately-owned HUBZone small business operating in Pompano Beach that began in 1983, and has grown into Florida's largest premium provider of electrical discharge machining (EDM). Creating microholes, slots, and shapes in surgical titanium, and building components for manned space flight are every day events at Tromtech. With this heavy involvement in the medical and aerospace fields, we know lives are at risk when our products are used. We also know the importance of deadlines, and with the largest EDM capability in Florida, we provide consistent on-time deliveries at competitive prices.

*At Tromtech, our standards are high, because your standards are just as high.*

### CORE COMPETENCIES:

- CNC & Manual Sinker EDM
- CNC Wire EDM
- In-House Graphite Machining
- CAD/CAM Design & Modeling Services
- Full Service Conventional Machine Shop
- Quality Control & Conformance Inspections

### PAST PERFORMANCES:

- The Mars Rover
- The Hubble Telescope
- SpaceX & Atlas V Rockets
- James Webb Space Telescope
- Surgical Implants in Hundreds of Thousands of People
- Surgical Tools widely used in Hospitals & Dental Offices
- Boeing 747's & Fighter Jets
- Powerplant Gas Turbines

### DIFFERENTIATORS:

- ✓ Florida's Largest EDM Job Shop
- ✓ Over 45+ Combined Years of EDM Experience
- ✓ Operations Led by Former Defense Acquisition Project Manager & Systems Engineer
- ✓ ISO 9001 & AS 9100D Registered
- ✓ Emphasis on Safety

*Serving Aerospace, Medical, Dental, Marine, Tool & Die, Defense, Moldmaking, and Electrical/Computer Industries*

### COMPANY DATA:

NAICS Code: 332710 | HUBZone Cert 68798  
DUNS: 118328262 | CAGE Code: 97B56  
ISO9001 & AS9100D Registered
